**RECRUITING PEOPLE?**  
**LET US TAKE THE LOAD FOR YOU**

Recruiting people is not easy, and can be very time-consuming and costly if not done correctly. Explain to us what you need, and we will find the right people, interview them, psychometrically profile them, check their background and then present you with a selection of well-qualified candidates. The right people for the job can then get on with the job in hand; it's that simple.

**BUSINESS PROFILE**

**GBCS RECRUITMENT**

Recruitment is a skill. You may come across recruitment agencies who collect loads of CVs that only partially match your requirements, leave you to do the filtering, interviewing, etc., and then ask for a nice fee. Much the same as having a dog and barking yourself! We don't work like that.

Once you give GBCS Recruitment an assignment, we'll learn about your company, the requirements, and the industry (if it is new to us). We'll then find the candidates, screen them via interview, psychometric profiling, background checks, and then submit a very small selection of candidates for each position. As recruitment specialists, our aim is to take as much of the load from you as possible. We think you'll agree with our many satisfied clients that we're highly cost-effective.

You'll be able to benefit from our wealth of experience, having successfully recruited across a broad range of industry sectors, both nationally and internationally. These range from the very hi-tech to the very low-tech, from the very large to the very small, with positions ranging from the very senior to the very junior. We work across a diverse range of industry sectors, including IT, Communications, Professions (Patent Agents, Actuary, Legal), Medical Electronics, Semiconductor Manufacture, Facilities Management and Service Orgs. Within these areas, we have recruited for sales and marketing people,
